**VIA HAND DELIVERY**

Re: MUR 5428  
Republican Party of Arkansas

Dear Ms. Odrowski:

Per our telephone conversation last week, I am pleased to report that the Republican Party of Arkansas ("RPA") has made significant progress in regards to dealing with the underlying audit issues that became the basis of MUR 5428.

Enclosed please find the following:

- 1) The RPA's amended Statement of Organization, listing all bank accounts and the RPA's new Treasurer.
- 2) Copies of checks and refund letters to individuals and organizations that were listed in the Audit reports as having made excessive or impermissible contributions.
- 3) RPA 2004 Financial Policies statement, which outlines the steps the RPA has taken to track all receipts and disbursements and ensure that the sort of recordkeeping issues exposed in MUR 5428 are corrected.
- 4) RPA 2004 Staff Changes document outlining that the individuals responsible for the issues in MUR 5428 are no longer with the RPA
- 5) Spreadsheet indicating efforts to collect information responsive to Audit Finding 3 (Recordkeeping for Contributions Received). This information is currently being used to correct and amend RPA's filings with the FEC for

1999 and 2000. RPA's recently hired accounting firm has committed to having the amended reports for 1999 and 2000 filed with the FEC by Wednesday, June 16, 2004.

- 6) Spreadsheet indicating efforts to collect information responsive to Audit Finding 7 (Recordkeeping and Disclosure of Disbursements). This information is currently being used to correct and amend RPA's filings with the FEC for 1999 and 2000. RPA's recently hired accounting firm has committed to having the amended reports for 1999 and 2000 filed with the FEC by Wednesday, June 16, 2004.
- 7) Information Responsive to Audit Finding 8A (Allocation of Federal and Non-Federal Expenses). The Audit staff treated \$2,093,763 of disbursements as potentially 100% federal because of a lack of supporting documentation. Although we are still attempting to collect additional documentation, all evidence (and the RPA's contemporaneous FEC reporting) indicates that all disbursements in question were made for issue advertisements that did not expressly advocate the election or defeat of a federal candidate, and were therefore correctly treated by RPA as allocable.

The RPA was able to locate eleven invoices from Olsen, Delisi & Shuvalov from 2000, and invoices and copies of the mail pieces are enclosed. Copies of eight of the mail pieces were located and are also enclosed.

Although efforts are continuing, RPA has thus far only been able to locate one television advertisement, which is enclosed. This advertisement, however, confirms that accuracy of the RPA FEC reports indicating that the advertisements in question were indeed issue advertisements and therefore correctly treated by RPA as allocable.

Finally, please note that the invoices at issue in Attachment E of the Factual and Legal Analysis of MUR 5428 have been collected and the necessary Amendments to FEC reports will be made. If you would like copies of the invoices, we would be happy to provide them to you.

On behalf of the RPA I want to apologize for the fact that not all issues in MUR 5428 have yet been addressed, but we are pleased at the tremendous progress that has been made and look forward to working with the Commission to conciliate and resolve these issues. If the incomplete nature of this response necessitates the RPA agreeing to an additional tolling of the statute of limitations, that accommodation on the part of the RPA would of course be no problem.

Please do not hesitate to contact me at (202) 863-8638 once you have had an opportunity to review this attached information.

Sincerely,

A handwritten signature in black ink, appearing to read 'Charles R. Spies', written over the printed name.

Charles R. Spies

May 11, 2004

Mrs. Elizabeth Pruet  
141 Glenridge Parkway  
El Dorado, AR 71730-3117

Dear Mrs. Pruet:

It has come to our attention that an administrative error was made in regard to a 1999 contribution to the Republican Party of Arkansas made by your late husband Chesley. The contribution was deposited on September 13, 1999 in the amount of \$5,000. Because your husband had already met his personal contribution limit, this contribution should not have been deposited into the RPA "federal" account. We apologize for this administrative mistake and for any inconvenience it may have caused you.

In an effort to rectify this matter, we would like to refund this contribution. Please find enclosed a check from the RPA "federal" account in the amount of \$5,000.

Thank you for your contribution and your continued support of the RPA. Please do not hesitate to contact me or RPA Legal Counsel Barbara Webb at 501-372-7301 if you have any questions on this matter.

Sincerely,

Marie Holder  
Executive Director

The Lloyd Stone Estate  
C/O Ms. Julie Stone Kennedy  
Stonehenge  
P.O. Box 1154  
Conway, AR 72033

Dear Ms. Kennedy:

It has come to our attention that an administrative error was made in regard to two 1999 contributions made by the late Lloyd Stone to the RPA. The first contribution was deposited on July 19, 1999 in the amount of \$5,000. The second contribution was deposited on August 5, 1999 in the amount of \$6,500. Because Mr. Stone had already met your personal contribution limits, this contribution should not have been deposited into the RPA "federal" account. We apologize for this administrative mistake and for any inconvenience it may have caused you.

In an effort to rectify this matter, we would like to refund these contributions. Please find enclosed a check from the RPA "federal" account in the amount of \$11,500.

Thank you for your contribution and your continued support of the RPA. I hope this matter has not caused you any inconvenience. Please do not hesitate to contact me or RPA Legal Counsel Barbara Webb at 501-372-7301 if you have any questions on this matter.

**Republican Party of Arkansas  
2004 Financial Policies**

**I. Cash Receipts**

Cash Receipts are generally received through the mail, personal delivery, or wire transfer. Mail may only be opened in the presence of two staff members. When mail is opened, it is separated into, cash receipts, invoices and other. The cash receipts (mostly checks – under no circumstances should RPA staff members directly solicit cash contributions; cash contributions under \$100 may be accept thru the mail) should immediately be restrictively endorsed “For Deposit Only – Republican Party of Arkansas”. Each check is endorsed using an account-specific rubber stamp. A separate triplicate deposit slip will be completed for each receipt type. In completing the deposit slip, each check should be itemized on the slip. A copy of the deposit slip and the checks associated with the deposit slip is made. A copy of the daily deposit slips is forwarded to JPMS to be posted to the accounting software. The deposit slip (white and yellow copies) and endorsed checks are given to a RPA staff member to make the daily bank deposit. The third pink copy of the deposit slip shall be retained in the deposit book. One deposit book should be used until completed. When a deposit is made, the yellow copy of the deposit slip will be date stamped (“validated”) by the bank and returned to RPA to be agreed to original tape of receipts and included in the “batch folder.” The deposit slip copy, check copies, back-up information (contributor information cards, refund information) and the second adding machine tape will be retained in a “batch folder.” The “batch folder” will be used to enter the contribution information into “Campaign Manager (CM)” software. All information needed to complete the FEC / State of Arkansas filing requirements (i.e. address, employer, occupation) will be gathered during this process. Each “batch folder” should be entered into CM within 10 business days. CM will be utilized to accumulate contributor totals, prepare acknowledgement letters, and track event and membership drive receipts. Once information is entered into CM, a “batch report” will be printed. This “batch report” total should match the deposit slip total and will be retained in the “batch folder.” A completed “batch folder” will contain the following:

- Yellow Copy of Deposit Slip – Bank Date Stamped (“validated”)
- Copy of Deposit Slip
- Copies of the checks
- Back-up information
- Batch Report

The completed “batch folders” will be retained by RPA. The current year’s “batch folders” and expenditure backup will be retained at RPA headquarters. At the close of a calendar year the previous year’s information will be moved to storage where it will be retained until its destruction after a period of \_\_\_\_ years. If cash receipts are given to a staff member, the staff member is responsible for giving it to the Executive Director (ED). The ED will lock up the receipts and make sure they are included with the cash receipts that are received in the mail on that day and they will be included in the process

Attachment ③

25044112082

above. At the end of the month, a contributions report will be printed from CM and compared to the bank statement deposits. Any differences will be reconciled.

## **II. Cash Disbursements**

### **Administrative Expenditures:**

All staff is authorized to make purchases and incur expenses on behalf of the RPA provided that a completed and approved duplicate form "Purchase Order (PO)" has been obtained prior to purchase (see sample PO attached). Instructions for completing the PO are as follows:

1. Fill in the vendor name. The vendor is the person or business being paid. A separate PO should be completed for each vendor to receive payment. If the purchase is being made on a credit card or being paid for by an employee and the employee is to get reimbursed, the employee's name should be put down as the vendor. If this is a new vendor, complete all of the address and phone information or the PO will be returned for completion.
2. The date submitted must be filled out or the PO will be returned for completion. This is important so that "stale" PO's can be identified.
3. Complete the "Payment Due Date" only if you know the due date. "ASAP" is not a due date; it is a remark. If this is a reimbursement to an employee, the due date will be no sooner than 14 days from the date submitted.
4. Complete the invoice number section only if you know the invoice number.
5. Complete the invoice date only if you know the invoice date. On reimbursements, the invoice date will be the date that you submit your receipts so do not fill out until you turn in your receipts with an "Expense Reimbursement" form.
6. The description should be a short description of what is being purchased. Please use the remarks section to elaborate.
7. Use the account subtotal box to put sub-totals if you are purchasing several different items, otherwise put the total amount of the expected invoice in this column. The amount put on the PO should be a reasonable estimate based on your research into the cost. This is where one should use common sense. If you are purchasing something that is estimated to be \$75, a 10 – 15% error is not that much of a problem. However, if you are purchasing something that is \$10,000, then a 10% error is a good sum of money. Use good judgment.
8. In the remarks section, put any additional comments that may aid in the approval or payment of this item (i.e. terms of purchase, whether there will be a contract, when you need the item, what the item is for, etc.).
9. Sign the "Requested By" box and forward the PO to the Executive Director (ED) for approval.
10. After review, the ED will sign the PO indicating his/her approval. The signed pink copy will be return to the employee submitting the request and the signed white copy will be retained by the ED to be matched to the invoice when received (see process below).

25044112083

11. If an employee purchases an item before having an approved signed PO, the employee will have made an unauthorized purchase, will therefore be personally liable for payment, and may be subject to termination.

The completed signed pink copy of the PO is retained by the employee requesting the purchase. The white copy of the PO will be held by the ED. As invoices are sorted in the process above (see I. Cash Receipts), they are given to a RPA staff member who is responsible for matching the invoice with the completed PO on file and making sure the goods/services were received/rendered. If the ED approves the variance, he/she will note so by circling the amount to be paid, initialing and dating the approved invoice. Any invoice for which a white copy of the PO can not be located will be approved as if it was an invoice with a variance from the PO. Note that sufficient information must be present on the invoice and/or PO to allow the expenditure to be properly allocated/classified and yield the necessary information needed for FEC/State of Arkansas filing requirements (i.e. address, nature of expenditure, etc.). The ED prepares the checks and presents the check and corresponding invoice to the Chairman for signature.

When received, the bank statements will be given unopened to the Chairman for review. He/she will note their review by initialing and dating page 1 of each bank statement. The reviewed bank statements will then be forwarded to JPMS to prepare the bank reconciliation.

All checks must have original signatures by two signers on the account. The Executive Director and the Chairman have personally signed each check since February, 2004.

#### **Payroll:**

Payroll is processed on the 15<sup>th</sup> and last day of every month, thus there are 24 pay periods per year. JPMS receives the salary amounts annually from the Executive Steering Committee's approved numbers. For any change to take effect JPMS must receive signed written instructions to do so by the Chairman and a copy of the Executive Steering Committee's meeting minutes authorizing the change. JPMS notifies the ED of the payroll amounts and corresponding payroll tax procedures. The ED prepares the checks for the necessary dual signature. The payroll check amounts are monitored by JPMS when the bank statements are reconciled.

#### **Contributor Information**

Each RPA employee is trained to assess each check and determine in which account it is to be deposited. The contributor information is logged into Campaign Manager no less than 10 days from the receipt of the contribution. At the time of the contribution, the staff makes an effort to acquire the employer and occupation for each contributor who gives over \$50. This attempt is made by phone. Additionally, all solicitations for contributions contain a promptly displayed request for this information. Throughout 2004 the RPA staff has taken great strides to ensure that each FEC report contains as much contributor information as they have available through these processes.

**Republican Party of Arkansas  
Staff Changes**

In October 2003, after Finance Director Heather Rackley resigned during a management financial review, the Executive Committee of the Republican Party of Arkansas became aware of financial discrepancies at the RPA including the 2000 FEC Audit. In addition to this audit, the RPA, is conducting an internal review to determine what legal action, if any, to be taken against Mrs. Rackley. Also in October 2003, State Party Chairman Marty Ryall, Executive Director Mitchell Lowe, and 72 Hour Director Conner Poe resigned. Minority Affairs Director Chris Morris and Field Representative David Goode were laid off. The only remaining staff member, Communications Director Marie Holder, was asked to serve as Interim Executive Director. Treasurer Blair Fortner resigned during the first quarter of 2004.

Efforts have been made to retrieve all past records to the extent that they are available in order to preserve and document financial information. As well as to remedy any discrepancies.

In December 2003, the Republican Party of Arkansas elected Lieutenant Governor Win Rockefeller as Chairman of the RPA. Win Rockefeller, son of the late Governor Winthrop Rockefeller and grandson of the late John D. Rockefeller, Jr. was elected lieutenant governor of Arkansas in a special election in November 1996. Rockefeller was elected to a full four-year term in November 1998, and he was re-elected in November 2002. In addition to his public service, Rockefeller serves as chief executive of Winrock Farms, Inc. and has interests in various small businesses around the state in the areas of retailing, automobiles, and the resort industry. Chairman Rockefeller regularly reviews the financial records of the RPA and personally authorizes and signs each disbursement check.

Marie Holder was made permanent Executive Director in March 2004. Mrs. Holder has instituted and enforced the RPA's new financial policies and procedures. She came to Arkansas from Washington, DC where she served as Deputy Press Secretary to U.S. Senator Trent Lott. Ms. Holder was unable to attend FEC trainings in early 2004, but is planning to attend the Election Year Reporting for Candidates and their Committees Roundtable event on July 7, 2004 in Washington, DC. She will also be available to attend additional training sessions as they become available.

Republican Party of Arkansas Staff Assistant Stacy DeJarnette worked on numerous campaigns and served as Finance Director for Betty Dickey for Attorney General. Throughout her political career, Mrs. DeJarnette has worked with Campaign Manager software and followed FEC guidelines.

## AS GOVERNOR, GEORGE W. BUSH WORKED TOGETHER WITH DEMOCRATS AND REPUBLICANS TO REFORM EDUCATION.

Governor Bush believes a hundred years from now this must not be remembered as an age rich in possessions but poor in ideals.

We must usher in an era of personal responsibility where each of us is responsible...to love and guide our children, and to help a neighbor in need.

One size does not fit all when it comes to educating our children, so local people should control local schools. And those who spend your tax dollars must be held accountable.

Tragically, the Clinton-Gore administration continues on the same old path with the same old programs - while millions are trapped in schools where violence is common and learning is rare.

"I sit on the House Education Committee and I have witnessed the failure of this administration and Al Gore to do enough to address our nation's education needs."

Representative George Miller (D-CA)  
Democratic Member of the House  
Education Committee

### Over 100 School Visits

Governor Bush along with Mrs. Bush, a former elementary school librarian and teacher, has made education reform a top priority. Having twin daughters graduate from a public high school, they know firsthand how important it is to have a top-notch public education system.

Arkansas Democrat-Gazette

"George W. Bush  
has [an] education  
plan that should  
appeal to the parents  
in all of us."

11/2/99

BusinessWeek

"Is Bush's record  
on education  
really that good?  
In short, yes."

11/2/99

# ON THE ISSUE OF EDUCATION, REAL DIFFERENCES SEPARATE THE PLANS OF AL GORE AND GEORGE W. BUSH

# TWO PLANS FOR EDUCATION REFORM...

## THE BUSH PLAN WILL:

- **Strengthen accountability and restore local control.** Require schools that receive federal funds to develop tests and administer them every year in grades 3-8 to

ensure students are learning. Reward schools that boost student performance and hold schools accountable if they fail.

- **Focus on reading.** Provide \$5 billion so every child can read by third grade. Strengthen Head Start to prepare pre-school children to learn reading and math skills.

- **Empower parents with information and options.** Require school-by-school report cards and give parents real options - like tutoring or the ability to transfer to another school - if children are trapped in failing schools.

- **Support school safety and promote character development.** Improve discipline with a zero-tolerance policy on violence and classroom disruption. Triple federal character education funding. Keep guns out of schools by enforcing existing gun laws.

- **Improve teacher quality.** Provide \$2.4 billion to train and recruit quality teachers (especially in math and science), promote technology in the classroom, require greater teacher accountability and allow teachers to deduct out-of-pocket classroom expenses.

- **Promote savings for education.** Expand "Education Savings Accounts" by increasing the annual contribution limit from \$500 to \$5,000 and allowing tax-free withdrawals to pay for education expenses from kindergarten through college and beyond.

- **Increase access to higher education.** Help states establish college merit scholarships for students who take challenging courses in high school. Increase the value of Pell Grants.

**GOVERNOR BUSH WORKED WITH DEMOCRATS AND REPUBLICANS TO RAISE STANDARDS, STRENGTHEN ACCOUNTABILITY AND GIVE PARENTS MORE CHOICES.**

# THE DIFFERENCE IS ACCOUNTABILITY.

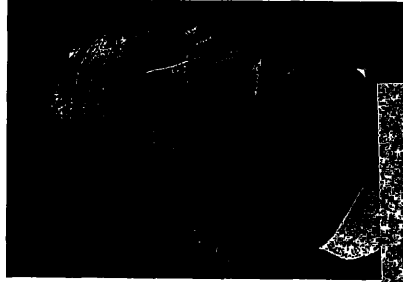

## THE GORE PLAN:

### Weak accountability with no meaningful testing

Al Gore tries to argue he has a real accountability plan, when he doesn't. Gore's plan would:

- Maintain the status quo by not insisting on real accountability.
- "Encourage" states to offer high school exit exams.
- Ignore personal responsibility. Gore opposes the Bush school safety proposals (including the Teacher Protection Act).

Al Gore tries to confuse the differences between a real education accountability plan like Governor Bush's and the inadequate one he proposed.

**"...though Gore champions himself as a leader on education in Congress, only four of the 300 pieces of legislation he introduced in his 16 years in the House and Senate concerned education."**

*The Boston Globe, February 10, 2000*

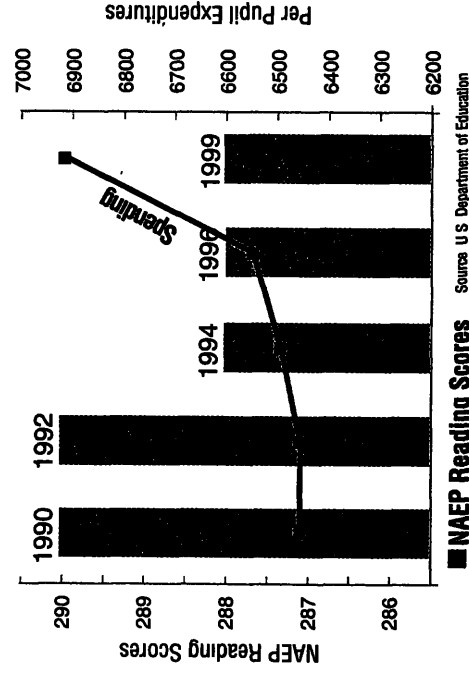

## A GORE EDUCATION RECESSION? EDUCATION RESULTS ARE WAY DOWN.

Test scores in public schools have failed to improve under Vice President Gore because the Administration focused on process, not teaching kids.

- In Congress, Al Gore opposed teacher testing.
- Despite the Clinton-Gore goal of being first in the world in math and science by 2000, the most recent international math and science comparisons reveal American students perform dismally compared to students from around the world.<sup>1</sup>
- In 1993, Gore promised he'd "reduce the number of Department of Education programs from 230 to 189." Instead, the number has increased.

The Gore Plan confuses more spending with better schools. While Governor Bush's Plan also increases spending, it focuses more on raising standards, strengthening accountability and helping every child learn to read.

### Under Clinton-Gore, Reading Scores Have Declined Even Though Per Pupil Expenditures Have Increased

1. Catherine S. Manegold, "2 Bills to Bolster School Methods Clear the Senate," *The New York Times*, February 9, 1994

# EDUCATION IS GEORGE W. BUSH'S PASSION.

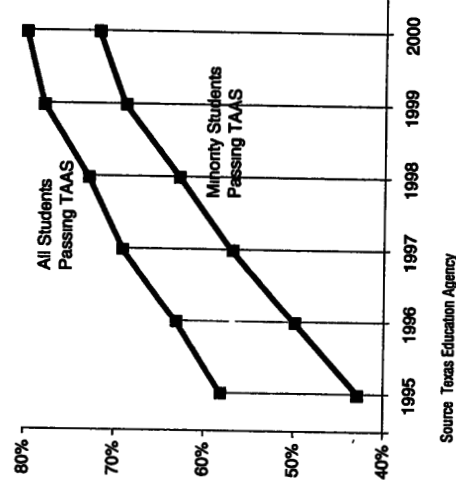

## GOVERNOR BUSH'S FORMULA FOR EDUCATION REFORM: Set clear goals, raise standards, ensure school safety, restore local control and never give up on any child.

Gov. Bush made education the number one priority, starting with the bold goal of teaching every child to read at grade level by the third grade.

Under his leadership, local schools set-up reading academies and emphasized early intervention programs to detect and correct reading problems so no child would be left behind.

Texas also rewrote the state's curriculum for the first time in fifty years strengthening the state's accountability system and measuring student performance so parents and teachers would know whether their local schools were getting the job done. The results? Test scores have increased across the board for every ethnic group in every subject at every grade level.

## Under Governor George W. Bush, Texas Students Improve Every Grade Every Year on the Texas Assessment of Academic Skills (1999-2000)

## BUSH'S TEXAS RECORD ON EDUCATION SHOWS HIS PLAN WORKS FOR REAL PEOPLE.

**Greatest Progress in the Nation:** Texas is one of two states showing the greatest recent progress in education, according to the Congressionally-man-dated National Education Goals Panel.

**In Math:** African-American fourth-graders in Texas ranked 1st in the nation.

**In Writing:** African-American and Hispanic eighth-graders in Texas ranked 1st and 2nd in the nation. Texas eighth-graders as a whole ranked 4th in the nation.

**Teacher Quality:** Texas ranked first in America in an independent evaluation by the Fordham Foundation – particularly for teacher accountability and mastery of the subject matter they teach.

**Students Improve Every Year on State Skills Test:** The number of students passing all parts of the state skills test (TAAS) has improved by 51 percent. The number of both minority students and economically disadvantaged students passing all parts of the TAAS has improved by 89 percent.

**Raised Expectations and Standards:** Gov. Bush signed the Safe Schools Act in 1995 giving teachers and principals the authority to remove disruptive students from the classroom. In 1997, Governor Bush toughened penalties for selling guns to kids by signing legislation making it a felony offense for selling or giving a handgun to a minor.

Paid for by the Republican Party of Arkansas, Lloyd Lindsey, Treasurer

E-mail, write or call Governor Bush today at [reformeducation@georgewbush.com](mailto:reformeducation@georgewbush.com) or P.O. Box 1902, Austin, Texas 78767 and tell him you agree with his real plans to reform education.

## THE BUSH PLAN CUTS TAXES FOR WORKING FAMILIES.

Governor Bush's Plan provides a tax cut for every income taxpayer - his plan doesn't pit one group against another and rely upon the rhetoric of class warfare.

### AVERAGE WORKING FAMILY OF FOUR:

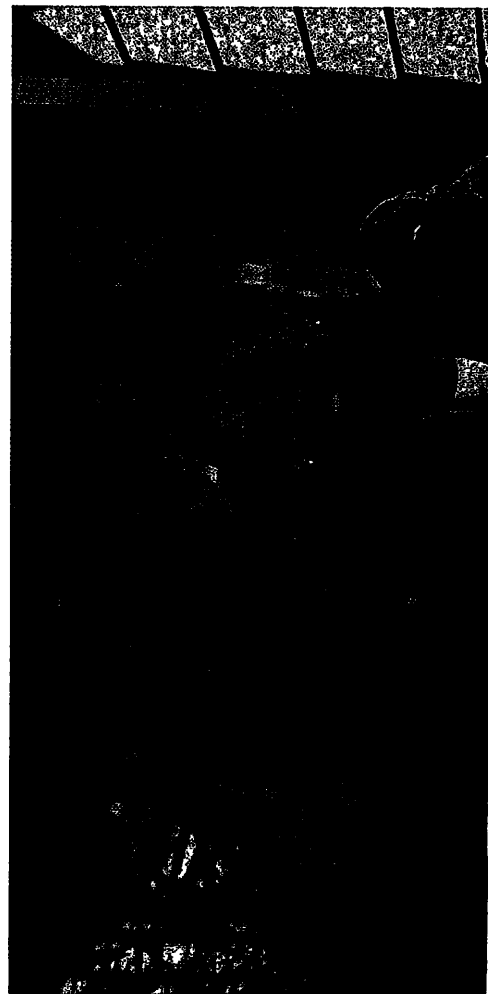

- Making \$35,000 will receive a \$1,500 tax cut a 100% reduction
- Making \$50,000 will receive a \$2,000 tax cut a 50% reduction
- Making \$75,000 will receive a \$2,500 tax cut a 25% reduction

## THE BUSH PLAN FOR LOWER TAXES:

It cuts tax rates for everyone who pays income taxes to make the tax code more fair and to extend prosperity. The largest percentage cuts go to low- and middle-income earners.

It doubles the child credit, abolishes the death tax, reduces the marriage penalty, and expands Educational Savings Accounts and charitable deductions.

## GORE'S TARGETED TAX CUT MEANS NO TAX RELIEF FOR HALF OF ALL TAXPAYERS.

# Governor Bush's Plan to Help All Americans:

Set a tone of respect and bipartisanship.

Today, many Americans believe that government's purposes are too often forgotten and opportunities are too often squandered.

**There is too much argument and not enough decision making.** Too much needless division, not enough shared accomplishment.

As Governor, George W. Bush united Democrats and Republicans to put people first and to improve education, fix the legal system, strengthen juvenile justice and reform welfare.

And that's exactly what was done – by a Republican Governor, George W. Bush, and a Democrat legislature, led by the Democrat Lt. Governor, Bob Bullock.

Governor Bush's Plan is based on respect and bipartisan-ship – not a war room mentality or lashing out at enemies.

## GOV. BUSH'S PLAN BRINGS DEMOCRATS AND REPUBLICANS TOGETHER TO SOLVE TOUGH PROBLEMS.

### Arkansas Democrat-Gazette

**"Five Texas Democrats stumped in Little Rock on Wednesday for the presidential candidate of their choice – a Republican...the five said they've crossed party lines to support Bush because of his record of bipartisanship."**

10/5/00

In Texas, George W. Bush reached across party lines to work with Democrats like Lieutenant Governor Bob Bullock (pictured, far left), who supported Governor Bush's 1998 re-election citing Bush's "proven record that's outstanding." (Houston Chronicle, 11/27/97)

### Promote Bipartisan Cooperation on the Budget

- End the annual threat of government shut-downs. Americans should not have to watch federal agencies close for business while national parks and monuments turn visitors away.

- Begin the budget process on the right footing. A joint resolution would bring early cooperation by the administration and Congress on the fundamentals.

- Place the budget and appropriations process on a biennial basis (every 2 years) as is done in Texas and 20 other states. If the discord in Washington never seems to end, it's partly because the budget process never ends. A two year schedule allows a more thoughtful debate on the entire range of issues facing Congress.

### Eliminate Pork Barrel Spending

- Establish a bipartisan commission to eliminate wasteful pork barrel spending. Congress would then cast a simple "up" or "down" vote. No amendments, no back-scratching, no logrolling.

- Encourage Congress to pass constitutional line-item veto legislation to reduce wasteful spending.

### Minimize the Delay Over Appointments

- Encourage bipartisan confirmations based on qualifications not partisanship.

## BUSH'S PLAN SAVES AND STRENGTHENS SOCIAL SECURITY.

Leaders of both parties agree a bipartisan Social Security plan is badly needed. America deserves the best efforts of all our leaders to work together for reform.

Governor Bush's plan keeps its commitments to seniors. For those at or near retirement, no changes in Social Security, no cuts in benefits.

For everyone, no increases in payroll tax or retirement age. Younger workers get the choice of putting some of what they contribute to Social Security into a personal retirement account they control and can invest in safe, secure stocks and bonds.

Arkansas Democrat-Gazette

**"Bush...supports strengthening Social Security and reducing the debt..."**

4/18/00

## GORE'S PLAN: NO REFORM.

The Gore approach gives Social Security a stack of IOUs. When the Social Security Trust Fund goes broke in 2037, it will have to collect on those IOUs through either the biggest tax increase in history, an estimated \$34 trillion, or deep cuts in benefits.

## THE BUSH BLUEPRINT FOR BIPARTISAN EDUCATION REFORM:

**Restore local control.** Communities and parents know best how to provide educational excellence for their children. **Strengthen accountability.** Schools that receive federal funds must test every child every year, in grades 3-8 to make sure they're learning.

**Focus on reading.** Increase spending by \$5 billion and encourage research-based reading methods so every child reads by third grade. Reform Head Start to give pre-school children reading and math skills.

**Empower parents.** Require school-by-school report cards so that parents know if their children are learning. Give parents real options - like tutoring or the ability to transfer to another school - if schools don't teach.

**Support school safety and promote character development.** Give teachers and administrators authority and legal protections to enact a zero-tolerance policy for disruptive behavior.

**Set up safe school task forces.** Triple character education funding and keep guns out of schools by enforcing existing laws.

**Improve teacher quality.** Provide over \$2 billion to train and recruit quality teachers (especially in math and science), promote technology in the classroom, require greater teacher accountability and allow teachers to deduct out-of-pocket classroom expenses from their taxes.

**Promote savings for education.** Increase "Education Savings Accounts" annual contribution limit from \$500 to \$5,000 and allow tax-free withdrawals to pay for any education expense, kindergarten through college.

**Increase access to higher education.** Help states establish college merit scholarships for students who take challenging courses in high school. Increase the value of Pell Grants.

## THE GORE PLAN: NO REAL ACCOUNTABILITY.

Al Gore claims he's for real accountability, but his plan maintains the status quo.

Rather than annual tests of every student in 3rd through 8th grades, Gore's plan relies on voluntary reading exams in the 4th grade and voluntary math exams in the 8th.

Gore also opposes the Bush plan's school safety proposals (even the Teacher Protection Act).

## BUSH'S PLAN ON THE BUDGET: A RESPONSIBLE, FAIR, BALANCED APPROACH.

### THE BUSH APPROACH:

Dedicate half of the surplus for Social Security and debt reduction.

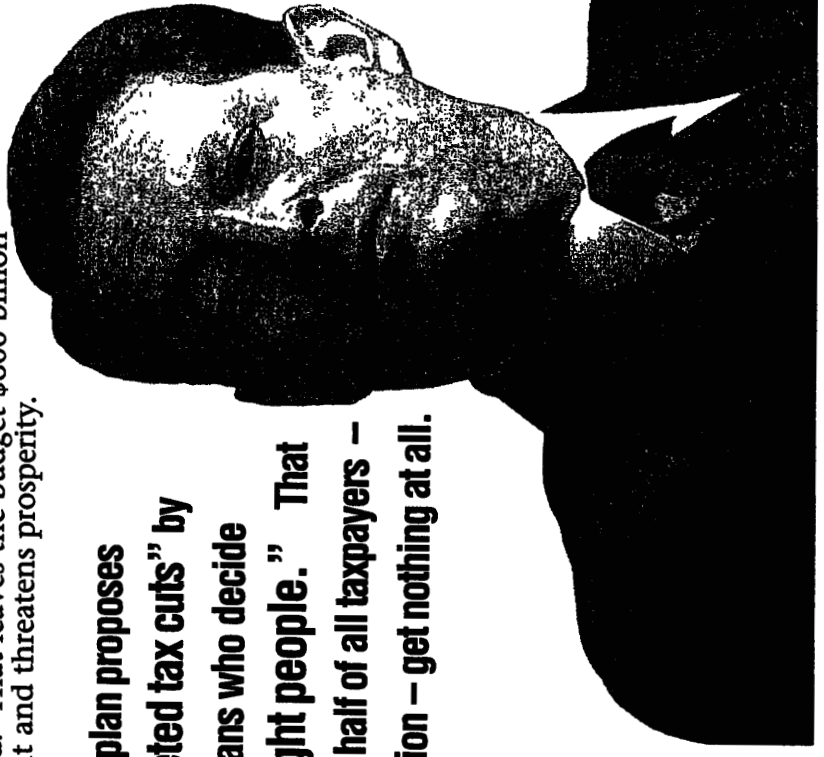

Use nearly a quarter of the surplus to fund increases in essential spending on education, health and defense.

Return a quarter of it to the hardworking middle class families who generated it in the first place.

### THE GORE PLAN: BIG SPENDING THAT THREATENS PROSPERITY.

Citizens Against Government Waste says Gore's plan increases spending by three times what Clinton proposed. That leaves the budget \$800 billion in deficit and threatens prosperity.

**Gore's plan proposes  
"targeted tax cuts" by  
politicians who decide  
the "right people." That  
means half of all taxpayers –  
50 million – get nothing at all.**

### THE BUSH PLAN ON PRESCRIPTION DRUGS.

All seniors get access to prescription drugs under Medicare and help in paying for them.

Seniors choose a plan that fits their needs, with access to the latest medical technology or stay in Medicare with their current coverage.

Every low-to moderate-income senior has all or part of their drug benefit premiums covered.

All catastrophic out-of-pocket Medicare costs, including hospital and doctors' bills, are capped at \$6,000 a year.

**"Bush's plan... would help seniors pay for the  
additional medical insurance they need to cover  
prescription drugs."**

*Washington Post, 9/6/00*

### GORE'S PROPOSAL DECIDES FOR YOU.

While Gore says he'll fight for the people against HMOs, his prescription drug proposal forces seniors to join a drug HMO selected by Washington.

Don't like your drug HMO? Tough luck.

Seniors have just one chance to pick Gore's prescription drug coverage – at age 64 1/2, or they're on their own...forever.

Gore's plan makes seniors pay a new \$600 access fee on top of a 50% co-pay and their Medicare premiums.

No cap on catastrophic health costs in the Gore plan.

## GORE'S RECORD ON GUN CRIME - ATTACKS TO THE 2ND AMENDMENT.

The Clinton/Gore Justice Department has argued in federal court that "the Second Amendment does not extend an individual right to keep and bear arms" and so the government could "take guns away from the public" and "restrict ownership of rifles, pistols and shot-guns from all people."<sup>1</sup>

## GORE'S RECORD ON GUN CRIME - A HISTORY OF NEGLECT.

### No Prosecution of Gun Crime.

Under the Clinton/Gore Administration, federal gun crime prosecutions declined by 46% and referrals for prosecution have decreased over 40% from 1992 to 1998.

### Gore's Plan Includes Gun Licensing.

Gore's Plan favors gun licensing: "I will fight for a national requirement that every state issue photo licenses for anyone who wants to buy a handgun."<sup>2</sup>

Gore's Plan calls for stricter and more laws on law-abiding citizens who carry weapons.<sup>3</sup> Gore's approach fails the test. 6,000 students illegally took guns to schools in 1998. Despite that fact, the Clinton/Gore administration prosecuted only eight cases under the federal crime of possessing a gun on school grounds.<sup>4</sup>

Gore's Plan supports the lawsuits against gun companies and supports allowing cities to sue gun makers on behalf of wealthy personal injury trial lawyer allies. Instead of holding criminals responsible for gun crime, the Clinton/Gore Administration has found another target - gun companies.

WHO'S A FISHERMAN  
AND HUNTER WITH  
A SENSIBLE  
CONSERVATION  
PLAN FOR PEOPLE  
LIKE US?

# BUSH'S PLAN TO PROMOTE CONSERVATION:

## Local Control.

Fully fund the Land and Water Conservation Fund to \$900 million a year, designating 50% of the Fund for state and local conservation efforts.

## Encourage Private Landowners to Conserve.

Establish a \$50 million Landowner Incentive Program for states to help private landowners protect rare species while engaging in sound land management practices.

## Grants for Stewardship.

Establish a \$10 million Private Stewardship Grant Program to fund private conservation initiatives.

## Recognize Best Practices.

Establish the President's Award for Private Stewardships to honor the best examples of private conservation.

## Tax Savings for Voluntary Conservation.

Create a tax incentive to provide capital gains tax relief for private landowners who voluntarily sell their land for conservation purposes.

## Preserve for the Next Generation.

Eliminate the death tax to make it easier for private landowners to pass their land from one generation to the next.

## Bush's Plan for National Parks and Federal Lands:

- The Bush Plan says federal lands must remain open for recreation and sporting activities. His plan says land management decisions should be based on a balanced approach to responsible stewardship and multiple use.
- Governor Bush's Plan will eliminate the \$5 billion repair backlog facing our National Parks.
- The Bush Plan will provide \$100 million over five years to improve natural science management and resource protection in our National Parks.
- Local people and local communities must be involved in these decisions. Bush knows that government, local communities, and private landowners must build conservation partnerships by working together to preserve our natural heritage.

**"Since the days of Teddy Roosevelt, there has been a consensus that Americans have a common interest in protecting our natural lands and watersheds. My plan will protect that great national goal."**

**George W. Bush**

George W. Bush's plan trusts local communities to make good decisions. His plan trusts you. Al Gore's plan trusts Washington, D.C.

Bush's plan says "no" to Washington, D.C. locking up public lands without consulting local communities.

The Bush plan emphasizes common-sense conservation, local control of our natural lands and private property rights.

As Governor, George W. Bush led local communities, federal agencies, private landowners and conservation groups in protecting wildlife and habitats, and championing the rights of Texas sportsmen and private landowners.

George W. Bush knows one-size-fits-all Washington solutions don't work. Every state has different needs and needs different solutions. His plan promotes conservation through cooperation, not confrontation.

Bush's conservation plan is based on sound stewardship of America's outdoor heritage. His priorities are clear: local control of resources, private property rights, respect for our outdoors and protecting our land for future generations of hunters and fishermen.

George W. Bush is an avid fisherman and hunter who has a plan to conserve our land and water for generations of Americans to enjoy.

**NATIONAL  
PARKS  
CLOSED**

**NO TRESPASSING**

## **GORE'S PLAN: MORE FEDERAL MANDATES, MORE BUREAUCRACY AND MORE LAND GRABS.**

Under the Gore Plan, millions of acres of public land will be closed to outdoor recreation and hunting.

In October 1999 alone, the Clinton/Gore Administration announced new rules that would make 43 million acres of National Forest off limits.

Gore's Washington-based, top down, one-size-fits-all plan doesn't value the multiple-use history of our National Forests or respect those who appreciate our outdoors. Gore's plan means more mandates and more bureaucracy.

### **Gore's Plan does not have a place for Arkansans.**

*"We don't need legislation  
or catchy slogans to fight  
gun violence, we need  
enforcement of the laws  
that we have."*

**Gilbert Gallegos, President  
Paternal Order of Police**

*"George W. Bush is a true friend of  
all sportsmen."*

**Johnny Morris, Bass Pro Shops**

## **GOVERNOR BUSH'S PLAN: A STRONG RECORD ON 2ND AMENDMENT RIGHTS.**

As Governor, Bush championed the right of law-abiding Texans to keep and bear arms.

Bush knows law-abiding citizens are not responsible for gun crime; criminals are.

Governor Bush launched "Texas Exile" to keep guns out of the hands of criminals through vigorous enforcement. Felons committing a gun crime are prosecuted for a mandatory five-year prison sentence. No parole.

As a result of his tough policies, violent crime in Texas is down 17% and violent juvenile crime down 44%.

## GORE’S PLAN CALLS FOR STRICTER GUN LAWS:

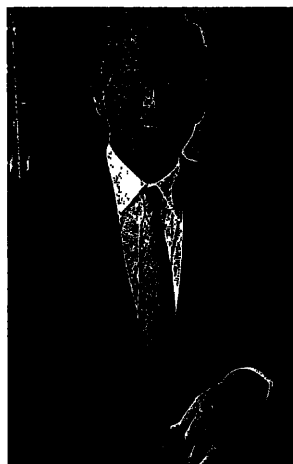

**“...I will fight for a national requirement that every state issue photo licenses for anyone who wants to buy a handgun.”**

Vice President Al Gore, 7/12/99

# WHEN IT COMES TO YOUR CONSTITUTIONAL RIGHTS...

**...Bush's plan  
champions  
the right of  
law-abiding  
citizens to keep  
and bear arms.**

## **The Bush Plan: Protects Our Outdoor Heritage.**

The priorities in the Bush plan are clear: work with local communities to preserve private property rights, respect our outdoors, and protect our land for future generations of hunters and fishermen.

## **THE BUSH RECORD ON PROTECTING SECOND AMENDMENT RIGHTS:**

### **Enforced Existing Gun Laws.**

Governor Bush knows law-abiding citizens are not responsible for gun crime; criminals are. In 1999, he launched "Texas Exile" to keep guns out of the hands of criminals through vigorous enforcement.

### **Punished Criminals, Not Law-Abiding Citizens.**

The Governor's tough policies on crime have had a significant effect. Violent crime is down in Texas 20% and violent juvenile crime is down 44%.

### **Opposed Registration.**

Governor Bush opposed the Clinton/Gore Administration's push for government mandated registration of private firearms.

### **Limited Lawsuits Against Gun Makers.**

Governor Bush resisted pressure from liberal special interest groups and took a leadership role in restricting lawsuits against gun makers.

### **Passed a Concealed Carry Law.**

Governor Bush signed a law allowing law-abiding citizens to carry a concealed weapon.

## **GORE'S PLAN FAVORS RADICAL LIMITS ON THE SECOND AMENDMENT.**

Gore's plan calls for more and stricter laws on law-abiding citizens who carry weapons.

Gore supports a national requirement that every state issue photo licenses for anyone who wants to buy a handgun.

Gore's plan supports lawsuits against gun companies, allowing cities to sue gun makers on behalf of wealthy trial lawyers. Instead of holding criminals responsible, the Clinton/Gore administration found another target - gun companies.

Liberal  
special interest  
groups are spending record  
amounts to distort Bush's  
record. Handgun Control Inc.  
has spent more than ever before,  
\$1.2 million, on TV ads to  
attack Gov. Bush for  
standing up for our 2nd  
Amendment rights.

## **The Clinton/Gore Administration Attacks on the Second Amendment.**

The Clinton/Gore Justice Department has argued in federal court that "the Second Amendment does not extend an individual right to keep and bear arms," so the government could "take guns away from the public" and "restrict ownership of rifles, pistols and shotguns from all people." (US Department of Justice, 8/22/00)

## **Gore's Record on Gun Crime A History of Neglect.**

Under Clinton/Gore, from 1992 to 1998 federal gun crime prosecutions declined 46% and referrals for prosecution decreased 40%.

# AL GORE SAYS HE'LL FIGHT FOR THE PEOPLE AGAINST HMOs, BUT HIS PRESCRIPTION DRUG PROPOSAL FORCES SENIORS TO JOIN DRUG HMOs SELECTED FOR THEM BY WASHINGTON.

Under Gore's plan, the Federal Government picks one drug HMO in each region in the country to manage prescription drug benefits for seniors.

The same companies he attacks And if you don't like your drug HMO — called "a pharmacy benefit manager?" Tough luck

## HMOs Selected by the Government

Gore's plan requires you to join a drug HMO selected by Washington, D.C. If you don't like your plan, too bad. You don't have options

## One Time to Decide, Then You're on Your Own

Gore gives seniors just one chance to pick his prescription drug coverage — at age 64 1/2. It's the Gore plan for life

## New Fees, Higher Costs

Gore's plan makes you pay a new \$600 access fee on top of a 50% co-pay and your Medicare premium. That's a prescription drug penalty, costing the average senior more than they pay now for drugs

## No Full Catastrophic Coverage

Gore's plan only covers catastrophic drug expenses and not medical bills such as doctor or hospital bills. The worst of a lifetime — a nest egg for retirement or for your children — could be lost to a life-threatening illness

## GORE'S PLAN:

"That's it. Take it or leave it. Many participants could find themselves paying more in premiums than they get back in drug benefits."

Indianapolis Star, Editorial, 9/7/00

12-1283 "Testimony," A CHOICE Analysis for the President's Prescription Drug Task Force, Vol. 11, 2000, Don Chapman, Phoenix

Yes No

No Yes

Yes No

Yes No

Forces Seniors to Join Drug HMOs Selected by the Government?

Seniors Have Choice of Coverage?

Only One Chance to Join the Government's Plan, or Be Left Out Forever?

New \$600 Access Fee?

Nationalized Government-Run Pharmacy for Seniors?

Adds Over 180 New Federal Regulations For Drug Coverage?

# UNDER GEORGE W. BUSH'S PLAN, ALL SENIORS GET ACCESS TO PRESCRIPTION DRUGS UNDER MEDICARE. AND ALL SENIORS GET HELP PAYING FOR THEM.

Governor Bush keeps Medicare's promise and expands it to include prescription drug coverage for every senior. Bush's plan provides seniors the same plan offered to members of Congress. There's no increase in the eligibility age or payroll tax. And there is no deadline for entering the Bush plan. Seniors can pick Medicare coverage provided by doctors, or choose to stay in Medicare with their current coverage.

Choices Bush's plan gives seniors a greater choice in plans with more options including annual physicals and eye, hearing and dental exams. His plan gives seniors access to the latest medical technology, adding choice and flexibility.

## Affordable Care

Bush's plan helps every low-to-moderate income senior afford prescription benefits by covering all or part of their drug benefit premiums.

## Immediate Coverage

Bush's plan doesn't wait years to begin. It starts next year and requires all plans participating in Medicare to offer prescription drug coverage.

## Real Catastrophic Coverage

Bush's Plan covers 100% of all health care costs above \$6,000 a year. Only Bush's plan can prevent a serious illness from wiping out a lifetime of savings.

## Arkansas Democrat-Gazette

"Unlike Gore's plan...Bush's program would give senior citizens the option of selecting a drug plan..."

"Bush Outlines Plan to Cover Drug Costs Under Medicare," 9/6/00

# AND WHO HAS A PLAN FOR SOCIAL SECURITY?

In 2015, Social Security begins paying out more money than it takes in. By 2037, the Social Security Trust Fund goes bankrupt.

## GOVERNOR BUSH DOES.

Governor Bush's plan saves Social Security by setting aside \$2 trillion - half of the Federal Government's surplus - to keep America's commitment to seniors.

- The Bush plan is based on these key principles
- For those who are at or near retirement today, no change in benefits
  - Protect the Social Security Surplus in a lock box and set aside \$2 trillion, half the surplus, to strengthen and preserve Social Security
  - Reach across party lines to fashion bipartisan reform
  - Fight any increases in Social Security taxes

## AL GORE'S SOCIAL SECURITY PLAN? HE DOESN'T HAVE A REAL ONE.

Gore doesn't plan for the long-term health of Social Security and has no proposal to increase the rate of return on what workers already pay into the system.

Gore's negligence leaves our children with a devastating choice when the system goes bankrupt: Increase income taxes by 25 percent or cut Social Security benefits by 30 percent.

Only Governor Bush's plan takes on the tough challenge of protecting and strengthening Social Security.

"(George W. Bush has a plan) to modernize and strengthen Social Security, and extend its promise in a way that I believe our thirty-second president would have approved."

*Tony Roosevelt, Grandson of Franklin Delano Roosevelt. The President who signed Social Security into law.*

"...Gore does nothing to reduce the Social Security deficits..."

*Economic Security 2000 Report, President Sam Rayburn. Former Aide to Senator Robert F. Kennedy.*

Paid for by the Republican Party of Arkansas Lloyd Lindsay

# BUSH'S TEXAS RECORD ON SENIORS.

- Cut Texas taxes by almost \$3 billion dollars - the two largest tax cuts in Texas history - resulting in lower property taxes for seniors, so they can stay in their homes
- Changed the Texas Constitution to allow seniors to benefit from lower property taxes when they move into a new home
- Increased availability of nursing home care in rural areas
- Reformed Texas nursing home and long-term care laws to provide for additional oversight and tougher penalties
- Supported a new law punishing those who swindle seniors out of their money or property
- Passed a Patient's Bill of Rights to strengthen the doctor-patient relationship and give patients the right to sue HMOs

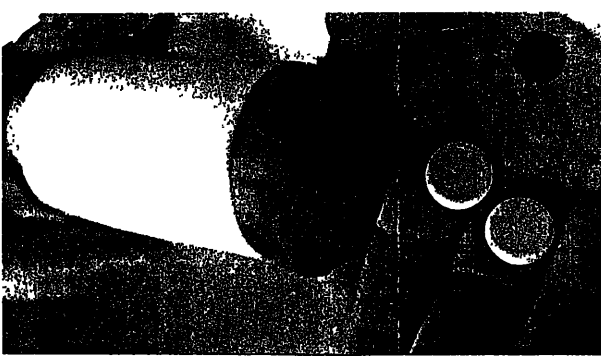

## GORE'S RECORD ON SENIORS.

- Cast the deciding vote on the largest tax increase in U.S. history, including \$25 billion in higher taxes on Social Security<sup>1</sup>
- Voted twice for over \$55 billion in cuts to Medicare<sup>2</sup>
- Supported spending Social Security surpluses on other government programs in 7 of 8 Clinton/Gore budgets<sup>3</sup>
- Supports spending \$100 billion more in additional new benefits for Social Security, even as the Social Security Trust Fund slides toward insolvency.<sup>4</sup>

# Governor Bush's plan restores the bond of trust between the Commander-in-Chief, America's military and its veterans.

## Because A Dangerous World Requires A Sharpened Sword, Bush Has A Plan To Rebuild America's Military.

### To Renew The Bond Of Trust With Our Service Members And Their Families, Bush's Military Plan:

- Increases military pay by \$1 billion to raise morale, improve retention and get military families off of food stamps.
- Renovates substandard military housing and improves training and allowances.
- Orders an immediate review of overseas deployments, keeping longstanding commitments to defend allies from aggression, but replacing uncertain missions with well-defined objectives.
- Deploys American troops only when America's interests are at stake.
- Ensures that American troops do not serve under U.N. command.

### To Defend America's Homeland, Bush's Military Plan:

- Deters terrorist attacks by ensuring that every group or nation understands that if they sponsor such attacks, the U.S. response will be devastating.
- Defends America against missiles and terrorists by deploying anti-ballistic missile systems at the earliest possible date.
- Promotes cooperation with our allies, who should share the burden of defense.

### To Begin To Create The Military Of The Future, Bush's Military Plan:

- Conducts an immediate, comprehensive review of our military - its force structure, strategy, priorities, and procurement.
- Modernizes weapons and equipment, taking advantage of new technologies.

## Gore's Plan Won't Restore America's Military Strength.

### Our Military Today Is Overused And Under-Resourced.

Today, defense spending is lower as a percentage of GNP than at any time since 1942.

Yet, under Clinton/Gore, overseas deployments have multiplied, stretching the services to the limit, and causing shortages of spare parts and equipment. All of this has brought on serious problems of readiness, recruiting, retention, and morale.

# BUSH'S PLAN FOR A RENEWED COMMITMENT TO VETERANS

The Department of Veterans Affairs desperately needs leadership and accountability. The current system means long delays and bureaucratic snafus that make veterans wait an average of 165 days for claims to be processed and as much as 200 days for an appointment at a VA facility.

**GOVERNOR BUSH'S PLAN recognizes the unique mission of the Department of Veterans Affairs and Department of Defense. His plan keeps our commitment to veterans and military retirees by:**

## **Advocating the Needs of Veterans.**

A key component of Governor Bush's plan is to appoint men and women who are active advocates for the needs of the veterans' community.

## **Ensuring Accountability.**

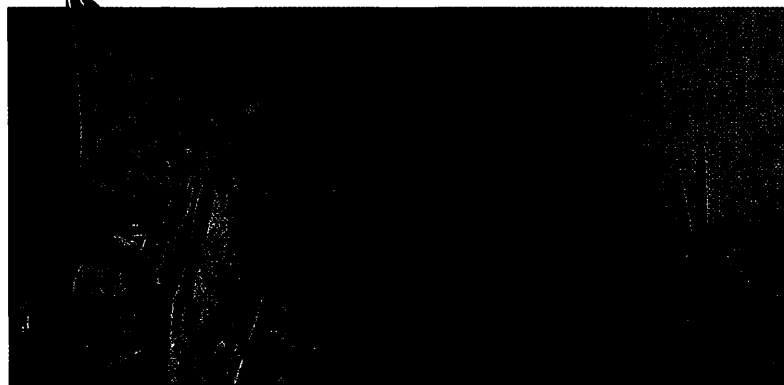

Require that the Department of Veterans Affairs not only set new goals for claims processing and health care delivery, but meet them.

## **Streamlining and Modernizing the VA.**

Conduct a top-to-bottom review of the VA Health Care system, working with Veterans Service Organizations and Congress to increase veterans' access to the top-notch health care they deserve.

## **Fulfilling the Nation's Commitment.**

Keep this country's commitment to earned benefits for all of our veterans and military retirees.

**As Governor, George W. Bush has a proven record as an advocate for veterans.**

■ Under Governor Bush, the state's property tax exemption for disabled veterans more than doubled.

■ Supported and signed legislation creating the first state-operated "Veterans Homes" system in Texas for veterans who need long term care.

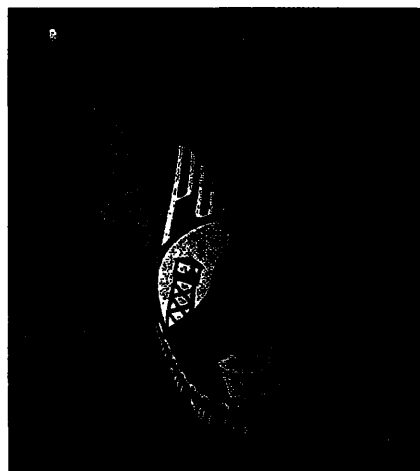

■ Increased funding for the State Veterans Commission by 35%.

■ Dramatically increased funding for state-administered, low-interest Veteran Home Loans from \$45,000 to \$203,000, helping Texas veterans buy and improve their homes.

■ Provided \$830,000 state gift for the National WWII Memorial.

■ Provided nearly \$80,000 in state donations to the Women in Military Service for America Memorial.

■ Ensured the POW-MIA flag is flown over state facilities during important national holidays until a full accounting is made.

■ Appointed a woman veteran to the Texas Veterans Commission. Texas is also one of the few states with a full-time Women's Veteran Coordinator.

## **GORE'S PLAN**

■ The Clinton/Gore Administration argued for the Federal Court to overturn the VA's time-honored duty to assist. Now the VA has an adversarial relationship with the very veterans it should be serving.

■ Gore's plan shortchanges veterans. He says he'd fight for veterans, but his idea of reinventing government called for straight-lining the Department of Veterans Affairs budget for five years. As a result, the VA faced its largest cut ever. Jesse Brown, the administration's own Secretary of Veterans Affairs, testified to Congress that this would be "devastating to veterans."

■ Gore's "Reinventing Government" plan froze spending for both veterans' benefit claims processing and veterans' health care delivery. Now, the backlog of claims is huge. The time to process is excessive, an appeal takes years, and nearly a third of these appeals contain errors and must be corrected.

**Governor Bush has a proven pro-veterans record in Texas. His plan fulfills the nation's commitment to its 25 million veterans and military retirees who served our country in defense of freedom and democracy.**

# T H E B U S

## **Strengthen Accountability**

Require schools that receive federal funds to develop tests and administer them every year in grades 3-8 to ensure students are learning. Reward schools that boost student performance and hold schools accountable if they fail.

## **Local Control**

One size does not fit all when it comes to educating our children. Parents, not bureaucrats in Washington, D.C. should control local schools.

## **Focus on Reading**

Provide \$5 billion so every disadvantaged child can read by third grade. Strengthen Head Start to prepare pre-school children to learn reading and math skills.

## **Empower Parents with Information and Options**

Require school-by-school report cards and give parents real options – like tutoring or the ability to transfer to another school – if children are trapped in failing schools.

## **Support School Safety**

Improve discipline with a zero-tolerance policy on violence and classroom disruption. Keep guns out of schools by enforcing existing gun laws.

## **Promote Character Education**

Triple federal character education funding.

## **Improve Teacher Quality**

Increase funding for the Troops-to-Teachers program to help place additional, highly qualified teachers in the classroom. Combine existing and new funding into a flexible \$2.4 billion grant for teacher training and recruiting. Enact the Teacher Protection Act to shield teachers from meritless lawsuits and establish a teacher tax deduction to help defray out-of-pocket classroom expenses.

## **Increase Access to Higher Education**

Create a \$1.5 billion scholarship program for students who meet high school course requirements. Increase first-year student Pell Grants from \$3,300 to \$5,100. Provide extra \$1,000 grants to students who take AP and College-level courses in high school.

## **Promote Savings for Education**

Double the child credit to \$1,000 per child. Increase the annual contribution limit on Educational Savings Accounts from \$500 to \$5,000, and expand them beyond college down to kindergarten.

25044112130

## The Oregonian

### "Passion for Public Schools"

Bush's \$47 billion education plan clearly has a different emphasis: Accountability, mandatory state testing, new efforts to teach reading to close the achievement gap.

9/27/00

## BusinessWeek

"Is Bush's record on education really that good? In short, yes."

3/8/99

"Bush is also entitled to claim he has been a reformer. The overhaul of Texas schools that he has promoted represents one of the most successful reform efforts in public education."

David Gergen  
U.S. News and World Report  
3/6/00

## As Governor, George W. Bush worked with Democrats and Republicans to reform education.

Governor Bush made education his Number One priority, starting with the bold goal of teaching every child to read at grade level by the third grade.

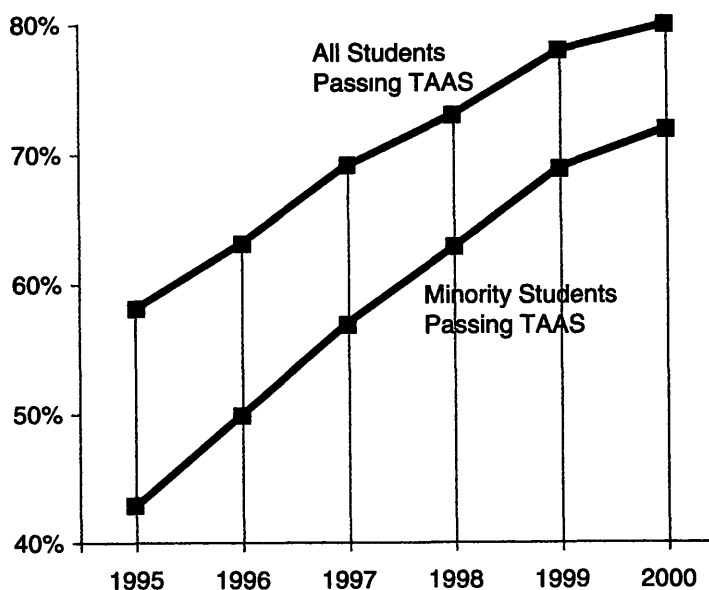

Under his leadership, local schools set up reading academies and emphasized early intervention programs to detect and correct reading problems so no child would be left behind.

Texas rewrote the state's curriculum for the first time in fifty years, strengthening the state's accountability system and measuring student performance so parents and teachers would know whether their local schools were getting the job done.

The results? Test scores have increased across the board for every ethnic group in every subject at every grade level.

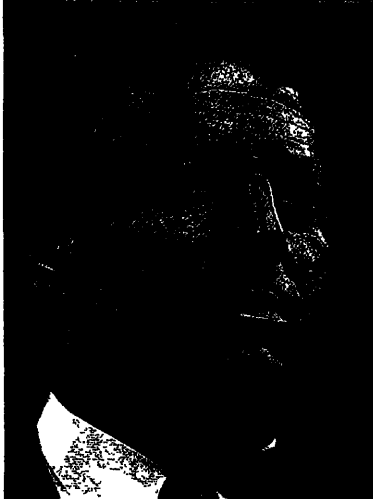

## Under Governor George W. Bush, Texas Students Improve Every Grade Every Year on the Texas Assessment of Academic Skills (1999-2000)

Source. Texas Education Agency

## Education results are stagnant.

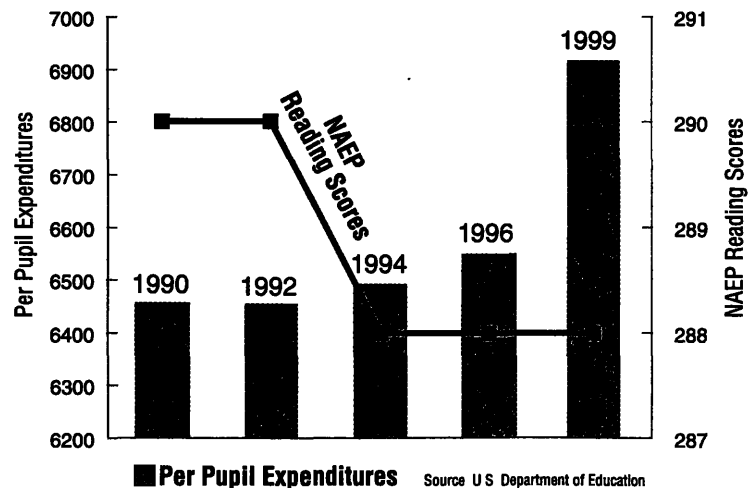

Test scores in public schools have failed to improve under Vice President Gore because the Administration focused on process, not teaching kids. Too many schools are not teaching our children basic skills, such as reading and writing.

Despite the Clinton-Gore goal of being first in the world in math and science by 2000, the most recent international math and science comparisons reveal American

students perform dismally compared to students from around the world. In math, American high school seniors outperform their peers in only two countries – Cyprus and South Africa.

## The Gore Plan confuses more spending with better schools.

### Under Clinton-Gore, Reading Scores Have Declined Even Though Per Pupil Expenditures Have Increased

Though Gore champions himself as a leader on education in Congress, only four of the 300 pieces of legislation he introduced in his 16 years in the House and Senate concerned education.

*The Boston Globe*  
2/10/00

"I sit on the House Education Committee and I have witnessed the failure of this administration and Al Gore to do enough to address our nation's education needs."

Democrat Congressman  
George Miller, 1/10/00

SAME OLD PATH, SAME OLD  
PROGRAMS, NO RESULTS

## The Gore Plan:

### Weak accountability, no meaningful testing.

Al Gore tries to argue he has a real accountability plan, when he doesn't. Gore's plan:

- Maintains the status quo by not insisting on real accountability.
- Won't require testing every child, every year. Only voluntary exams on reading in the 4th grade and math in the 8th grade.
- Requests, but does not require, states offer high school exit exams.
- Opposes Bush's school safety proposals (which include the Teacher Protection Act).
- Neglects teacher training.
- Opposes school choice.

**Tragically,**  
the Clinton-Gore administration continues on the same old path with the same old programs – while millions of students are trapped in schools where violence is common and learning is rare.

Arkansas Democrat-Gazette

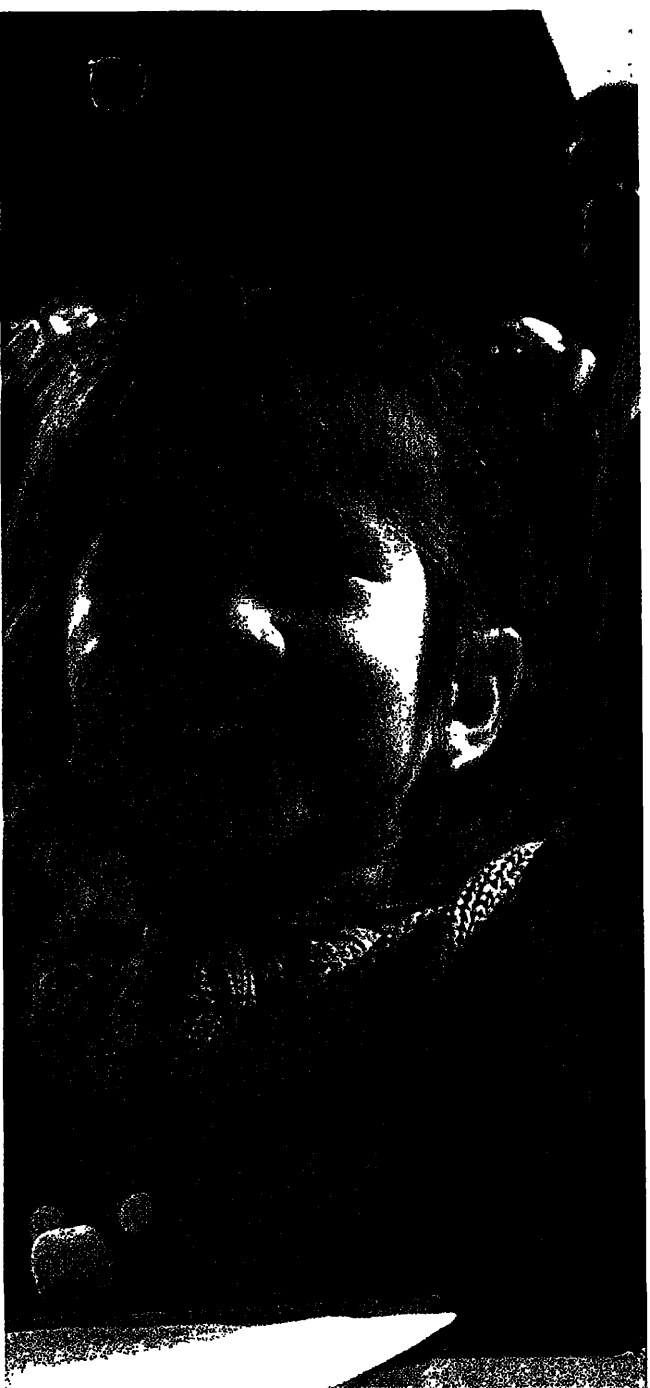

"[Gore] seems to have given little thought to making sure that all the new money actually boosts student achievement."
